# THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

TUESDAY, OCTOBER 26, 1869.

### *RAISING VOLUNTEERS.*

Considerable excitement was produced in this city yesterday (Monday) by the appearance on the street of large numbers of negroes, raised, it is said, as a volunteer company for an irruption into the counties of Chatham and Orange. We learn from some of the negroes who have enrolled in the Company, that they are going into the counties named, for the purpose of supporting and enforcing the proclamation of Gov. Holden, issued last week.

This demonstration is, to use no harsher epithet, unwise in the extreme, at this time. If, indeed, the officers of the law in those counties find it impossible to execute the law, and have called upon the Executive for troops to assist them, this is not the sort of troops to send. Without attempting a reiteration of the facts which have led to the deplorable condition of affairs in the counties named, as well as others, it is known to all, that they have originated and been perpetuated, by outrages committed by persons belonging to one secret organization, and mostly of one race, and have been met by another secret organization, acting, as they claim, in self-defense, yet outside of the law. As many of the crimes perpetrated by the one, have gone unpunished, as by the other, to say the least of it; and, under these circumstances, to raise and send out a Company composed entirely of one of the parties in the dispute, and almost without exception, of the very lowest of that class, seems to us either the superlative of partisan stupidity, or a direct and premitated move to precipitate a collision.

We do not feel disposed to go largely into this subject to-day. The topic is one of most dire importance. We believe the whole proceeding to be imprudent in whole and in detail, and outside of the law and Constitution. We do not look upon it with the eye of a partisan, but as a North Carolinian; we deprecate everything calculated to injure the peace and prosperity of the State or of society, whether by secret organizations; unlawful military operations, or imprudent Executive action. We shall refer to this subject perhaps, more at large, to-morrow, and in doing so, shall speak of it dispassionately, not as a partisan, but as a citizen who loves his State, and who would avoid the deplorable condition of affairs of which the movements of the Governor seem sadly ominous.

Plenty of men who sympathise with no secret society, can be found to assist in executing the laws, when necessary, if the Governor will look for them. The attempt to put down one secret organization by employing another, is unwise and impolitic, and certain to lead to a still worse condition of affairs.

### *CHANGING FRONT.*

The *Standard* asks, how is it that the SENTINEL advocated the lease of the N. C. Rail Road one day, and the next, was violently opposed to it. That has been explained; Mr. Moore, our Local, in our absence, wrote the article rather favoring it, on the first presentation of the subject; when we returned we condemned the lease as a second penitentiary transaction smacking of corruption and fraud.

The first article of the *Standard* approved the lease as strongly, but since then it has condemned the lease; what produced the change in the *Standard*? We don't suppose the Editor will tell; and we will endeavor to account for it so far as we can.

The Governor favored the lease; he removed General Laflin, (the carpet bag man with a cocoanut head,) and substituted Mr. R. C. Badger in his place. If this change was not made with a view of favoring the lease, let the Governor answer, why Laflin was removed. The lease has been consummated, not subject to the ratification of the Stockholders, as some say, but absolutely done, signed, sealed and delivered, by the Board of Directors. The Governor has said to more than one person, that he was sorry he had given in to the lease.—After accomplishing the fraudulent lease, he regrets it; and now, he is against the lease; hence the sudden change in the *Standard*. The Governor has changed, and his organ has changed.

This change in the Governor is in keeping with his character. It is not so much a want of sense, as of principle. He now regrets the sale of the North Carolina Railroad eight per cent bonds at 65, yet he approved it. These bonds are now at par and the holders do not wish to sell at that. He regrets that Littlefield was paid by Dr. Hawkins a heavy fee to tax the people $2,000,000 for the Chatham Road, yet he makes Littlefield State Printer, and he is robbing the people by his exhorbitant charges for State printing.

The Governor advocated secession for 20 years, he signed the ordinance of secession, he now denies he was ever a secessionist, and his son, Joe, with his sanction, denounced any man as "a liar and coward who called Governor Holden a secessionist."

He was for the war, and then against it. He was for Vance, Andrew Johnson, and Jefferson Davis, now he is against them all. How could the man, so dishonest in his political action, be honest in his Railroad, and State bond action, and transaction.

### *"MARK THE MEN."*

Such is the heading of an article in the *Standard* of Saturday, in which it is said "Governor Read is the only Democrat who has condemned the outrages of the Ku Klux." The *Standard* says: "Do not the once honored men of old Orange connive at it." "The Senator from that county and those who stand with him, give aid and support to these wicked men. Are they not responsible before the country, by the civilized world, for all these outrages they could so easily put down? The same is true in Alamance, Rockingham, Chatham, Jones, Lenoir, &c." "Has any prominent Democrat or Conservative made an honest, vigorous effort to have these men arrested? The history of the day will record it, if so." "What newspaper, fully indentified with that party, has denounced these wrongs? Does its organ in this city do so? not one honest hearty plain word. These crimes are extenuated, the perpetrators are endorsed as respectable and good citizens.—Is it not believed, all over the State, that the editor of that paper is the acknowledged head of that disloyal, guilty organization for murder and violence, and that his visits and speches over the State are in connection with his office and in furtherance of the purposes of that dark lantern and disguised sworn society." We think the Governor need not hesitate. "Let him use all the power at his command," and he will be sustained by the good people of the State."

Now, acting under the suggestion of the *Standard*, we have "marked the man." We think the man who wrote the article is Governor Holden. We think so from the style as well as the matter. We have heard of Governor Holden's repeatedly saying "if Governor Graham would speak out against it, the disorders in Orange would be healed, he could dissolve the Ku Klux."

This article in the *Standard*, is for Governor Graham, and we think, comes from Governor Holden.

The Senator from Orange, (Maj. Graham,) and those who stand with him, are made responsible for the murders of Orange, Jones, Chatham and Lenoir. The Governor in "mark the man," says we are at "the head of the guilty organization for murder and violence," and our speeches and visits over the State, are in the interest of this murdering association. No man but the Governor will assert that we belong to any secret society; he does not believe it, though in our speeches over the State we have denounced Leagues and Ku Klux to the full extent of our ability in that way. We expect to keep it up in defiance of the Governor, the Ku Klux, the devil and the League, over which the Governor presides.

We are not insensible to the dangers which surround us; we have been Ku Kluxed by the League, they have made more than one attempt upon our life. One of the attempts the Governor approved and applauded in a public speech. He is the head centre of a Secret Society composed of, negroes and dangerous and worthless white men. By this organization, he endangers the life and property of every man. He and the devil are the father of all our woes and troubles. He gave the people no peace for twenty years with his doctrine of "peaceable secession." He put his neighbors' children in the army, telling them to "rely upon God and Jeff Davis." Now he wishes to punish and disfranchise them for having obeyed his teachings. He has organized, all over the State, a secret, barn burning, oath bound association, whose members crowd every jail, whose members are convicted in every county of the State, of larceny, arson, rape and murder. We tell him, as he values the peace and good order of society, to dissolve his secret, crime committing, oath bound associations. He is conscious of his guilt. Years ago he taught the people that there was in secret political societies no security for life, liberty, or property.

---

The survey of the W. R. R. is finished, and in a few days, when the necessary estimates are made, a report of all the routes will be ready for decisive action from the President and Directors. Three surveys have been made—one 52 miles, to Greensboro', and two to Salisbury, one 88 the other 83 miles. The shortest and most favorable route passes from Egypt by the Gulf, across Deep River at Waddell's Ferry, to Lassiter's Mill, on the Uwharrie, running within 14 miles south of Ashboro', and from Lassiter's across the Yadkin at Bringle's Ferry to Salisbury, 83 miles.—The first route went more south from Waddell's Ferry by Birney's Mills, Stokes' Ferry, &c. In five miles east from Lassiters Mills, the road ascends a grade of 460 feet. Except this and some ridges on west side of Uwharie, the road will be easily built, and easy to use afterwards.—*Fayetteville Eag'e.*

### *LEASE OF THE NORTH CARCLINA RAILROAD!!*

SALISBURY, Oct. 22, 1869.

MR. EDITOR:—It is proposed that the Stockholders of the North Carolina Railroad sanction the lease to the Raleigh and Gaston Railroad. This proposition, so far as one half of the Stockholders are concerned, amounts to a sale of the Road; for in less time than twenty (20) years, one half of the present Stockholders of the Road will have passed from the stage of action. Now, what will the Stockholders get under this proposed lease? Instead of their getting six per cent, they will get only about two per cent on their stock. Here are the figures:

| | | |
|---|---|---|
| The R. & G. R. R. proposes to pay per annum, | | $240,000 |
| The debt of the N. C. R. R. is in round numbers, about, | $600,000 | |
| It will require to pay the interest on this amount, at 8 per cent. | $48,000 | |
| The mortgage requires that there be deposited with the Trustee, to pay off the bonds at maturity, annually, about, | $40,000 | |
| The state must get 6 per cent on her preferred million of stock, before the Stockholders can receive any dividend, | $60,000 | |
| The salaries of the necessary officers to keep up the proper organization of the Company will be about | $8,000 | |
| Expense of law suits, Attorney's fee, &c., about | $10,000 | $166,000 |
| Leaving for the Stockholders only | | $74,000 |

This amount of ($74,000) is all that is left out of which to make a Dividend on three millions ($3,000,000) of stock; which is less than two and half dollars ($2 50) to the share.

At the last meeting of the Stockholders of the North Carolina Railroad, the Treasurer assured us in his annual report, and Maj. Smith has repeatedly, and on all occasions, assured the Stockholders that they should have 6 per cent on their stock next year. Now in the face of this assurance, and the very heavy and increased freight and travel on the Road, how can he and the Board of Directors ask the Stockholders to take 2½ per cent on their stock?—That is all they can get, for the figures show it, at least for half the time of the lease. Can any Stockholder in his senses agree to any such a proposition as this? To put his property entirely out of his control for twenty years for 2½ per cent a year! At the end of that time the Road will be delivered back to the Stockholders, if delivered at all, in a dilapidated and worn-out condition; for, say what you please, about keeping the Road in order, nobody expects it, if they do they will surely be disappointed. No rented property was ever returned to the owner in as good condition as when it was received. Then the Stockholders cannot vote for this lease unless they wish to give their property away. The acceptance of the proposition is an acknowledgement of their incapacity to manage their own property. The Stockholders built this Road with their own money, and are more capable of managing their property than Dr. Hawkins is.

If he can pay $240,000 per year, and make money out of the Road, surely the Stockholders can make as much and save his profits.

As a Stockholder in the Road, I can never acknowledge that I am a fool, and that Dr. Hawkins has all the Rail Road sense in the country.

Let Maj. Smith give us the 6 per cent. dividend he has promised us; we don't want anything to do with Dr. Hawkins and his Ring, or the R. & G. R. Road—he certainly is not going to tie our hands for 20 years, for the contemptible sum of 2½ per cent. per year.

The very proposition of the R. & G. R. Road is a reflection upon the Stockholders.

What is the R. & G. R. Road? It is a small one horse concern that did not cost one fourth of what the N. C. R. R. did. It is dependent upon the N. C. R. R. for its very existence; for without it, it would go down in a few years. The proposition to lease, is somewhat like leasing the hull of a ship to the rudder, or the body of a horse to his tail. You might cut off the R. & G. R. R. to-day, and it would not affect the N. C. R. R. any more than cutting off a horse's tail affects his body.

By the time the 20 years is out there will be so many combinations made, and new Roads built, that the Road will be useless. The N. C. R. R. will lose its identity the moment it is leased, and you will hear it called the R. & G. Rail Road as far back as Charlotte, before two years have passed. The Stockholders, having their hands tied for 20 years, will be powerless to control Legislation or rival roads or opposition lines; and numerous schemes will be set in motion at once to bleed the N. C. R. R. and build up rival lines, until at the end of 20 years the Road will not be worth returning to the Stockholders.—Every Stockholder ought to go to the meeting *in person*, and vote against this iniquitous, and ridiculous lease, or they will regret it the balance of their lives.

ROWAN.

THE RULE FOR THE ASSESSMENT OF DISTILLERS FROM FRUIT.—The Commissioner of Internal Revenue has lately made some exemptions from the regulation requirements in favor of distillers of spirits directly from fruit. The stills, however, under existing regulations, continue to be rated according to this rate. Hon. A. A. Sargent, representing a number of the fruit distillers of California, has been for several days endeavoring to have the tax in their case assessed upon the actual production, as the distiller cannot always produce to the full capacity of his still. The commissioner says, however, that as he construes the Internal Revenue law, the power of altering that principle of assessment rests entirely with Congress.—*N. Y. Jour. of Com.*

COM. M. F. MAURY.—The New York Journal of Commerce highly approves the action of the Louisville Commercial Convention in selecting Com. Maury for the post of general agent of immigration. Col. Hillyer, the present editor of the Vicksburg Herald says of the charge against Gen. Ames, hitherto reported by telegraph, to the effect that he would not permit a fair election:

## CITY AND STATE ITEMS.

TUESDAY, OCTOBER 26, 1869.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

COMMITTEE OF INSPECTION.—A Committee of architects, whose names we did not learn, except that of Mr. J. P. Prairie, were engaged yesterday inspecting the Primrose building on Fayetteville Street, which is said to be dangerous from the probability of its tumbling down at no distant day. What decision they came to, we did not learn. Their report is to be made to the City Council.

LAST CHANCE.—Dr. Bernhardt will remain at the Yarborough House now but a few days. His name and his success as an optician here is too fully known to need our further recommendation, and we will only say, therefore, that those intending to avail themselves of his services must do so at once, or the opportunity will be past.

ROOF COMMENCED.—Mr. J. C. Brewster, the contractor, commenced his preparations yesterday for putting the Roof on the new Market House, and that stupendous pile of brick and mortar will soon be sheltered from the inclemency of the weather.

By-the-way, we learn that a good Radical friend says anything but his prayers, at Brewster's getting the job; but Brewster will put it on right, all the same.

BOUND OVER.—The parties mentioned yesterday, as being before His Honor, the Mayor, on a charge of trying to break into Becky Johnston's house, were up yesterday for examination, when Marion Bryan, Jasper Bryan and Gaston Smith were bound over in bonds of $200 each to keep the peace, and appear at next term of the Superior Court. Jasper Waddell and Parham Waddell were dismissed, there being no evidence whatever against them.

We understand the last two named intend to bring suit against the policeman who arrested them, for false imprisonment, as they were in no way connected with the affair charged against the others.

DEATH OF DRURY LACY, JR.—We announced last Saturday, the death of Mr. Drury Lacy, Jr., which occurred on the previous evening, at the residence of his father in this city. Seldom are we called on to chronicle the death of one more generally loved and esteemed than he was, or of one more worthy, which was fully manifested by the extraordinarily large crowd that assembled at the Presbyterian Church to witness and participate in the funeral ceremonies on Sunday afternoon.—We do not remember ever seeing a larger crowd assembled, on a like occasion, in the city of Raleigh. In noticing the death of Mr. Lacy, the Wilmington *Journal* says:

MR. DRURY LACY, JR., whom our citizens remember with much affection and sincere regard during a residence among us since the war, died at his father's residence in Raleigh Friday night last. It is with deep regret we make this announcement—but he has fallen a victim thus early in life to that fatal destroyer, consumption, which hurries off so much of promise and true manliness to an early grave. Mr. Lacy married a daughter of Wilmington, and was much endeared to a large circle of friends here by his open and manly deportment. The announcement of his death will be received with tidings of deep regret

THE NEW BLAIR HOUSE.—The upholsterers and furniture men are busily engaged finishing and furnishing the rooms at the new Blair House, and it is thought they will all be ready for the reception of guests by the meeting of the Legislature. Several rooms have already been prepared and were occupied during the Fair, the occupants going to the Yarborough for their meals.

Mr. Wm H. Morris, furniture dealer, Fayetteville St., is putting in most of the furniture. (He is the same man who drew the premium on furniture at the Fair, and whose name we printed "E Morris.")

RIOT IN GOLDSBORO'.—We learn from the *Messenger* that a serious riot and street fight occurred in Goldsborough on Saturday night, between a large number of soldiers belonging to the Garrison there and the colored people of the town. The cause of the difficulty seems to have been the continual insults and bad treatment practiced by the soldiers on the colored people, until they determined to stand it no longer without retaliation. On Saturday night each party appears to have prepared for the contest, and the riot commenced on John's street, near the *Messenger* office.—The *Messenger* says:

"It seems that the first attack was made on John street, within a short distance of our office. (We have as yet heard but one side of the difficulty, that is that of the colored people, who say the soldiers made the assault.) In this encounter it is said, one soldier was wounded. Some little while thereafter, the soldiers, some twenty five in number, all armed with their guns, again made their appearance on the streets, and a regular skirmish ensued in the lower part of the town. Here the shooting, very indiscriminate, lasted some ten minutes, the balls riddling the buildings in the neighborhood. It is supposed that not less than seventy five shots were fired during the riot. As far as we have been able to learn, but one soldier and one negro were wounded.

It is almost impossible to ascertain who is at fault; both parties have previously made threats. But be this as it may, our civil authorities should lose no time but guard against the recurrence of such lawlessness in the future.

If we thought the Governor's newly organized militia fit for anything in the way of preserving order, we would advise that they be sent down to Goldsboro' for the protection of persons and property down there.

QUERY.—Did Gov. Holden receive $25,000 for consenting to the sale of the first mortgage bonds of the N. C. R. R. at 65 cents?

The North Carolina Immigration Association, will meet in Wilmington, November 17th.

## AFFAIRS OF THE STATE FAIR.

THE REASON OF IT.—In the list of premiums awarded at our State Fair, a disproportionably large number seem to be given to persons in Raleigh, and this has given rise to remarks, especially on the part of some who expected more awards than the committies thought them entitled to. One very palpable reason for this will appear upon a little reflection. Many persons at a distance, who could not attend the Fair themselves, sent articles to persons here to have them entered, and, consequently, the awards were given in the names of citizens here, when really they belonged to persons at a distance. We know of numerous instances of this kind, and this will account for the apparently large number awarded to citizens of Raleigh.

GOOD COTTON.—W. P. Lloyd had on exhibition at the Fair, the best specimen of seed Cotton, but it was not entered in time to compete for the premium; the Committee, however, recommended a diploma to the exhibitor.

GRAND DISPLAY OF AGRICULTURAL IMPLEMENTS.—J. H. Thompson, of Eagle Foundry, Tyrone, Davidson county, exhibited at the Fair, thirty-four different agricultural implements, all manufactured at that foundry. Among the implements, many of them took premiums.

THE BUSH HILL FACTORY.—This flourishing establishment, W. C. Petty & Co., proprietors, had on exhibition at the Fair, samples of their productions in the shape of sashes, blinds, cornices, mouldings, &c., of very superior quality and workmanship, made from the best yellow heart pine.

This is one of the many manufacturing enterprises carried on at Bush Hill, situated near High Point, on the N. C. Railroad, a description of which is promised us, and which we shall publish at some future time. Bush Hill is a regular bee-hive of a place, and destined to assume a prominence among the manufacturing localities of the State.

WHISKEY.—There were only two competitors at the Fair for the premium on whiskey. Mr. Churchill entered two specimens, one rye and one corn, for Goot, Kuck & Co., of Charlotte, both of which were pronounced excellent by the Committee, and a Diploma awarded.

The other entry was by Messrs. W. H. & R. S. Tucker, for A. Myers, of Norfolk, to which, also, was awarded a premium.—This specimen was of Myers' "Sunny South" brand, which is put up in 5, 10 and 20 gallon packages, and is recommended for medical purposes, as among the *pure whiskeys*, by physicians in New York, Philadelphia and other places.

TOO LATE.—Two most beautiful pieces of home made carpeting, made by Mrs. Walter P. Caldwell, of Statesville, failed, on account of some neglect of the Railroads, to reach Raleigh in time for exhibition at the Fair. This is much to be regretted, as they are very superior goods, and would doubtless have taken the highest premium. Mrs. Caldwell says, in her letter requesting the return of the carpets, which reached Raleigh only on Thursday night, that she will have something here as worthy of notice at next Fair, and, to prevent all mishaps, will come with it herself.

SAW SHARPENER.—Among the many useful inventions exhibited on the Fair Grounds, last week, was a patent saw-sharpener and gummer, run by horse or hand power, or might be attached to the engine of a saw mill. This machine was exhibited by Smith & Jordan of New York, and is well worthy the notice of Millmen.

LEATHER BELTING.—Messrs. A. U. Tomlinson & Son had on exhibition at the Fair, samples of their Leather Belting, manufactured at their establishment at Bush Hill, N. C., which was of very superior quality. This is the only Belting establishment, we believe, in the State, and has been in operation over forty years. Their belts are made only of the solid part of the leather, cemented and copper-riveted, and is of all widths used in machinery.

COTTON PLOWS.—We do not remember whether Richardson's Plows drew premiums or not at the Fair, but we know the fact that his "Cotton Plow," manufactured at his Foundry at Weldon, stands very high in the cotton growing countries in the Eastern part of the State. Indeed, they are in almost universal use with cotton planters in Halifax, Edgecombe, Northampton, and contiguous counties, where they have been introduced, and are highly recommended by some of the most experienced and judicious planters in those counties.

ADDITIONAL AWARDS.—To S. Kline & Co., a Diploma for the best exhibition of crockery, china, glass, marble, bohemian ware &c.

For the best Devon heifer over 2, and under 3 years old, David A. Lewis, Diploma.

For the best Alderny calf, C. M. Busbee, Diploma.

For best blackberry wine, Mrs. G. W. Mordecai, Wake, (not the quantity required to obtain a premium) Diploma.

Best native grape wine, Mrs. S. G. Wilson, Granville, (not enough for premium,) Diploma.

Best pure Scuppernong wine, Whiteville Wine Company, $10.

L. Froelich, Kenansville, Duplin county, exhibits specimens of wine made from Scuppernong, Clinton and Diana grapes. That from the Clinton resembles hock, and, with age, will compare favorably with wines of that class. Diploma.

Best Sparkling Scuppernong Wine, Messrs Burbank and Gallagher, of Washington N. C. (not enough for premium,) Diploma.

L. A. Hart of Wilmington, exhibited specimen of Scuppernong Champaigne, a most delightful wine, which the committee recommend it as worthy special notice.

We know the Committee on manufacturers, recommended a premium to Messrs. Fries, of Salem for a beautiful article of gray cassimere, but we have not been able to get the particulars.

FINE VEGETABLES.—Before us we have a lot of mammoth vegetables: Cabbage weighing 16lbs, Beets 15lbs., Potatoes (early rose) and Onions in proportion, all much the largest ever seen here. They were raised by Mr. Grey C. Underwood, General Superintendant of the Massachusetts House of Industry; House of Reformation and Alms House. We learn that Mr. Underwood raises thousands of bushels of such vegetables, not only an abundance for the Institutions, but a large surplus for market, and is the raiser of the finest cows and hogs any where to be found. Thereby making his Institution one of profit instead of a tax to the State. When completed, why not have an Underwood to Superintend our Penitentiary instead of some worthless fellow who may get in though political trickery.

RESIGNED.—Rev. Robert Emmett Terry has resigned the Rectorship of St. John's parish, Wilmington, and his resignation has been accepted by the Vestry. He has acted as Rector for the parish for eight years.

BLACK TONGUE IN CATTLE.—A lady sends us the following remedy for this disease:

"Give the animal affected one teaspoonful of finely pulverized copperas, mixed in a quart of meal, three times a day, giving salt between the doses."

The writer says, "a few years ago the disease appeared in my neighborhood, I immediately commenced the use of copperas, as directed, and my cattle continued healthy, while persons on adjoining farms, who did not use it, lost many fine cows."

The Tournament and Ball came off on Thursday last, at Enfield, notwithstanding the inclement weather.

Twenty-two millions six hundred and forty thousand two hundred and ninety-eight pounds of upland cotton, valued at $5 902,812, was exported from Charleston during the year ending September 30, 1869.

### Monday Evening Dispatches.

WASHINGTON.

WASHINGTON, Oct. 25.—In the Supreme Court Judge Chase read an elaborate opinion in the Yerger case to the effect that the Supreme Court of the United States, has jurisdiction under the Constitution and Judiciary Act of 1787, and that the Act of 1867 repealed by the Act of 1868, does not act so as to take away the jurisdiction of this Court in the case. The writ of habeas corpus was referred to as among our most valuable rights, and was guarded by the Constitution. The merits of the case were not involved in the opinion, the Court merely assuming jurisdiction.

Yerger's counsel will have a conference to-morrow with the Attorney General when further proceedings under the jurisdiction will be arranged. The granting of the writ is still pending.

CALIFORNIA.

SAN FRANCISCO, Oct. 25.—Returns from the judicial elections show comparatively large Democratic majorities.

NEW YORK.

NEW YORK, Oct. 25.—It is stated that the steamer "Lillian" landed men and a part of her cargo on Cuban coast previous to her capture by a British war vessel.

The report that the Lillian's consort "Teaser" was captured by the Spanish vessel L'Africa is discredited.

The "Quaker City" and "Florida" had a sharp fight with Salnave's fleet. Both sides claim the victory.

There was an earthquake on the 5th at Laguyra.

OHIO.

CINCINNATI, Oct. 25.—Weather clear. Thermometer 55. It is thought the Board of Education will to-night exclude the Bible from the Public Schools.

A barge laden with 3,000 barrels of flour, sunk at the levee to-day.

FOREIGN.

LONDON, Oct 25.—There is an immense Fenian amnesty demonstration to day; several thousand women, wearing green flowers and scarfs in the procession. There are fifty thousand persons present. The American flag was displayed and loudly cheered. Some speeches were delivered of a highly inflamatory character. Resolutions denouncing amnesty were passed by acclamation and the meeting quietly dispersed.—Police reserves were ready, and troops assembled at the barracks, but their interference was unnecessary.

### Monday Midnight Dispatches.

WASHINGTON.

WASHINGTON, Oct. 25.—Revenue to-day $676,000.

The Court of Claims resumed its session.—Peck and Nott are still absent.

Mr. Ewing is recovering.

The sentence of Captain Frank Monroe of the Marines, is commuted to suspension from rank, duty and command for three years.

Justice Miller dissented from the opinion of the Court in assuming jurisdiction in the Yerger *habeas corpus* case.

Boutwell authorizes immediate payment of the November interest without rebate.

The President will be absent from noon to-morrow until Thursday.

MOSES Wearing vs May et etc. of Mobile, in error to the Supreme Court of Alabama: The Plaintiff in error is a merchant of Mobile, and claims to be an importer of salt in that port; he complains that the city, under authority of the State law, seeks to impose upon him a tax on sales and a penalty on its non-payment, which he alleged was illegal, because in conflict with that clause in the Constitution of the U. S. which prohibits a State from laying any duties on imports and exports.

Phillip Phillips, appeared for Mobile. Ex-Judge Jno. A. Campbell of Ala., for Wearing.

The Supreme Court in an opinion delivered to-day, held that under laws of the United States regulating imports, and under the circumstances of the case, the Plaintiff in error, was not the importer of the salt but the mere purchaser from the importer and the fact he sold in unbroken packages did not exempt him from State taxation; he had not partaken of the risks of the voyage but was the mere purchaser of goods to arrive. The owner of the ship on whose account the salt was laden and who had complied with the law, in the matter of discharging by lighters, was deemed to be the importer.—The judgment was affirmed.

WILMINGTON.

WILMINGTON, Oct. 25.—The case of the officers of the "Cuba" was resumed to-day, and after an hour's session, the Court adjourned over until to-morrow. By order of the authorities at Washington, parties were engaged in taking stores from the "Cuba" to-day.

VIRGINIA.

RICHMOND, Oct. 25.—President Grant has pardoned Anderson Patterson and Elam, who were convicted here in 1868, of conspiracy to defraud the revenue, and sent to the Albany Penitentiary.

The State Fair which commences on Tuesday Nov. 2d, is the first since the war. The new ground comprises 60 acres and are nearly covered with new exhibition buildings. Entries already exceed any Fair before the war, and those of the North are five times as great, as President Grant and Cabinet will be invited.

The *State Journal*, Republican organ, of this afternoon, says, on direct, authority that Secretary Boutwell has declared, that Judge Johnston, Senator elect from Virginia, has a moral right to the removal of his disabilities which should not be impaired by the unintentional over-sight of Congress, and that President Grant concurs with Boutwell and expresses his hope that Congress will remove Johnston disabilities.

Petre Prefect of Police, has issued a proclamation in which he says: "In view of the proceedings expected on the 26th inst. which are likely to disturb the public peace, the authorities inform the people of Paris that measures will be taken to insure respect of law and maintainence of tranquility. All good citizens are requested to be on their guard against imprudent curiosity and not expose themselves to the consequences that may result by enforcement of the law against mobs.

GLASS SPECTACLES,

Superior to any other in use—constructed in accordance with the science and philosophy of nature, in the peculiar form of

A CONCAVE CONVEX ELLIPSIS,

Admirably adapted to the organs of sight, and perfectly natural to the eye, affording altogether the best artificial help to the human vision ever invented. Used only by

**MORRIS BERNHARDT,**
SPECTACLE & OPTICAL MANUFACTURER.

THE ADVANTAGES of these Spectacles over all others are:

1. **They can be worn with perfect ease** for any length of time at one sitting, giving astonishing clearness of vision, by candle or any other artificial light, comfort to the spectacle-wearer hitherto unknown.

2. **How to select Glasses. It requires** professional guidance even when a good article is offered. Dr. Bernhardt not only has the best Glasses that can be found in the market, but carefully examines the eyes of his patients, and gives indispensable advice as to the proper selection of them.

3. **When the eyes ache or pain through** the action of a bright light, such as is reflected from the snow, sunny weather, white paper, and in reading, writing or sewing, or vivid colored bodies; these lenses, by softening the rays, effect a most agreeable sensation and give great relief.

4. **These spectacles are scientifically** adjusted to every case of defective sight with unerring accuracy, whether arising from age, strain, over work, or premature decay, by Dr Bernhardt on a new and exact principle, entirely his own, which has seldom failed to be correct.

5. **After several years of public practice,** adjusting spectacles to patients under every aspect of defective vision, as well as experience in an extensive, long established business in his Optical Stores, both here and in Europe, Dr. Bernhardt considers it a sufficient guarantee of his ability to supply such glasses as are best calculated for the assistance of imperfect sight

6. **M. Bernhardt, to signalize himself** from the host of pretenders in his profession, with pride submits for inspection, copies of testimonials he has received from medical gentlemen of the most unquestionable respectability and talent in America; also a number of certificates from well known gentlemen of distinction, who have used his spectacles—the originals of all which he will be happy to show to those who may request it. The use of any of the following names or certificates hereunto affixed, without an actual possession of the same, would be a forgery, a capital offence, punishable by State Imprisonment.

**Testimony of Measured Values from** Medical Gentlemen, Professors of the highest Opthalmic talent in Raleigh, N. C., and in the Union.

**Raleigh, Aug 24, 1869.**

I have carefully examined Prof. Bernhardt's Spectacles, and take great pleasure in recommending him to those who, having defective vision, can be made to see more clearly and distinctly by the use of glasses. He has wonderful skill in this respect. The pair he has supplied me with are of Brazilian Pebble, of most superior quality and excellent finish. They enable me to see how to read, or write, at the ordinary focal distance, as clearly and distinctly as I did twenty years ago. I very cheerfully bear testimony both to the Professor's skill and to the wonderful properties of his glasses.
CHAS. E. JOHNSON, M. D.

**Raleigh, N. C., Aug. 24, 1869.**

I take great pleasure in saying that the Glasses I have obtained (and am now using) from Dr M. Bernhart are to me a source of greater comfort than any I have previously used; my own experience fully sustaining the testimonials of excellence and commendation which he has received from gentlemen of science, and high character, in various parts of our country.
WM. G. HILL, M. D.

**Raleigh, N. C., Aug 24, 1869.**

I take pleasure in saying that I have examined the glasses of M. Bernhardt, Oculist and Optician, and think they are of the best material, and constructed on scientific principles. I would advise those in need of glasses to call on him.
Very respectfully,
F. J HAYWOOD, M. D.

**Raleigh, Aug. 24, 1869**

Doctor Bernhardt called at my house and exhibited to me his fine assortment of Australian Crystal Glasses, which are of a very superior quality and workmanship. I take pleasure in saying that the glasses I have obtained from Professor Bernhardt are to me a source of greater comfort than any I have previously worn and cheerfully commend them to those who may be in need of glasses.
W. H McKEE, M. D.

**Raleigh, Aug 25, 1869.**

After an attentive examination of the various glasses in the possession of Dr. M. Bernhardt, accompanied with his explanation of his mode of preparing and adjusting them, it is with great pleasure I state my belief of his great skill, and of the benefit which those needing glasses must derive from his assistance.
B. S. MASON, D. D.,
Pastor Prot. Episcopal Church.

**Raleigh, Aug. 25, 1869.**

Dr. M. Bernhardt, Oculist and Optician, has fitted me with a pair of Spectacles superior to any article of the kind I ever had before. The material is Australian Crystal, the quality of which renders vision very clear and distinct, and enables me to read and write with as much ease as I did ten or twelve years ago. His assortment of glasses is most complete and the finish apparently perfect. I take great pleasure in recommending him to all who need their sight improved.
DRURY LACY, D. D.,
Late Pres't. of Davidson College, N. C.

**Raleigh, Aug 24, 1869.**

It gives me pleasure to bear witness to the extraordinary value and excellence of the glasses prepared and furnished by Prof. Bernhardt. To those who need artificial aid for their vision he will be of the highest service.
J. M. ATKINSON,
Pastor of the Presbyterian Church.

EXECUTIVE DEPARTMENT,
Raleigh, March 26, 1868.

I have examined a large number of the glasses of Prof. M. Bernhardt, and with pleasure certify to their superior excellence. I wear a pair of them and see as perfectly as I could in my youth. They are the best I ever used, and I therefore heartily recommend him to the patronage of the public.
JONATHAN WORTH,
Governor of North Carolina.

**State of South Carolina,**
EXECUTIVE DEPARTMENT,
Columbia, June 19th, 1868.

SIR: I have made a full and satisfactory test of the Spectacles procured from you, and I have the pleasure to say that the glasses are better adapted to my eyes than any I have ever used. The facility with which you fitted the glasses to my eyes, furnished me conclusive evidence of your scientific skill in optics and your thorough experience as an Oculist.
Your attainments in your profession entitle you to the confidence, patronage and gratitude of the public. I have the honor to be,
Very respectfully yours,

**Wilmington, March 31, 1869.**

I have examined a number of Professor Bernhardt's Glasses and am now using a pair of them and take pleasure in testifying that they enable me to see better than any others that I have used, while in his collection there seem to be some adapted to remedy any kind of defect in vision.

From Dr. WM. B. HARRELL, Prin. High School, Snow Hill, N. C.:

SNOW HILL, N. C.

"I am much pleased with both the Spellers and all the Readers; and as to the series of Geographies by Monteith & McNally, I have long used no others when these could be obtained.

From Rev. ALBERT SMEDES, D. D., Rector of St. Mary's School, Raleigh, N. C.

RALEIGH, N. C.

I have examined the Geographies Monteith's [No. 4] and McNally's [No. 5] and find excellencies in both, which eminently entitle them to a wide circulation. It is my purpose to introduce Monteith's [No. 4] into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works seem to me to be admirable. ALBERT SMEDES.

From J. W. GULICK, A. M., Prin. Male Academy, Goldsboro', N. C.:

GOLDSBORO', N. C.

I find your books are in use in many Schools in this section. The teachers speak in the highest terms of your Readers and Geographies, and of Peck's Ganot in particular. J. W. GULICK.

From Col. WM. BINGHAM, Prin. Bingham School, N. C.

The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible, makes it (Monteith's Intermediate Geography) in my judgment, a charming school book.

"We shall introduce Davies' Bourdon, perhaps others of your books."

From Dr. CLOSE, Prin. Durham Academy, N. C.:

DURHAM, N. C.

I design introducing the present session McNally's Geography and Davies' University Arithmetic; also Boyd's Elements of English Composition. M. CLOSE.

From M. L. LITTLE, Esq., Prin. Pleasant Hill Seminary, Newton, N. C.:

NEWTON N. C.

Will introduce the University Arithmetic next term. Have examined it with much satisfaction. An admirable work. M. L. LITTLE,

From Rev. S. IVEY, Prin. Auburn Academy, N. C.:

AUBURN, N. C.

Monteith's Geographies are excellent works, and I shall introduce them into my school.
STINCKON IVEY.

Prof. WM. A. OSBORNE, writing from Hillsboro' Military Academy, says:

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.

From J. E. DUGGER, Esq., Prin. Male Academy, Warrenton, N. C.

WARRENTON N. C.

"Davies' Mathematics" was adopted by me in 1858, and, up to this time, I have examined no works superior to them as a whole.

I have examined, with a view of introduction, "McNally's Geography" [No. 5] and "Peck's Ganot's Natural Philosophy." I consider them most excellent works, and shall put them in my boys' hands, at the earliest period. The Philosophy is truly an enticing work and must meet with universal commendation. J. E. DUGGER.

From W. C. KERR, State Geologist of N. C.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; not the least of which, especially in the eyes of the juveniles, will be found in its attractive and very graphic illustrations. Another is the truly wonderful amount of substantial and really scientific information conveyed by these wood cuts, and the concise and lucid descriptions appended. But the chief excellence consists in this, that Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography; so that the learner arrives, by a natural and easy process, at the true conception of the earth as an organized whole; the designed result of successive changes and modifications, under the control of physical laws, constituting a true growth from a chaotic germ through manifold stages of progress, all pointing forward to its destined end as the home of living beings, and finally of man.

From Rev. G. D. BERNHEIM, Principal of Mount Amoena Female Seminary, Mount Pleasant, N. C.

MT. PLEASANT, N. C.

I have introduced your National Series of Readers with great satisfaction to myself and to our teachers. We find them to be excellent, just suited to our purposes.

With Davies' Mathematical Series we have been long familiar, and can find no good reason for changing them.

In the Primary Department we have Monteith's Geographies, and in the advanced classes we have introduced Peck's Ganot, with much acceptance. G. D. BERNHEIM.

From Prof. JOS. H. FOY, President Stantonsburg Scientific High School, N. C.

WILSON, N. C.

I have carefully examined the claims of the different Series of School Books most prominent before the public at this time. I have tested the merits of many of them in the school and lecture room, and feel no hesitancy in pronouncing the National Series of Readers and Spellers" the best with which I am acquainted. I shall henceforth use no others in my school, and I shall furthermore use my influence to secure their adoption into other Seminaries in this section.

I use Davies' Mathematical Series in my school. I consider his works incomparably superior in many particulars, even to Stoddard's Course, which is saying a great deal. In fact, I consider it the highest encomium in my power to bestow.

I use Monteith's Series in my school. They afford a gradual but thorough and systematic progression, from the simplest rudiments of science, up to a development sufficiently exhaustive for all ordinary educational purposes. Their very superior merit has led me to discard ——— which stands next best on the list.

McNally's, the fifth book of the course, is decidedly the chef d'oeuvre of Geographies. No competent instructor can examine it for an hour without being struck with its extraordinary merit. J. H. FOY

From the Statesville, N. C. *American*, February 20th, 1868.

We would call the attention of Teachers in Western North Carolina to the valuable School publications of this firm, which are equal to any in the Union.

Messrs. Barnes & Co., of New York, are now issuing large editions of these Standard School Books for the Southern states. The series consists of the National Primer, or Word Builder, National Elementary Speller. The National First and 3rd, 4th and 5th Readers. This firm will allow no competition in the price of books published by them, which are among the best in the States.

From the Raleigh *Daily Progress*, Feb 20, 1868.

NATIONAL SECOND READER.—We have never examined a volume of its class which we could commend more cordially to parents and teachers.

From the N. C. *Presbyterian*, March 7, 1868.

NATIONAL FIFTH READER.—We recommend it to all who desire a valuable book of instruction for beginners.

From the Wilmington, N. C. Daily *Herald*, 1868.

The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.

## COTTON PRESS.

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappropriated. With this Press, two men can do all the packing or pressing of a 500 pound bale inside of eight minutes: and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring, and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF THOS. H. BRIGGS. All are assured that as between this and any other there is no argument as to its merits over all others. With the irons, any ordinary workman can put them up. The patentee is here for a few days, and will take pleasure in explaining its merits.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

**EXPENSE ON THE $100 RECEIVED.**

| | |
|---|---|

| JOHN HANCOCK, | 18,27 |
| THE NATIONAL, | 63,48 |
| THE ÆTNA, | 13,41 |

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

**"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."**

**"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."**

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 599 policies, received an income of seventy-eight thousand dollars, and possessed net assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13 337 new policies, more than any other Company except the Mutual Life; received an income exceeding six million dollars and had amassed solid, securely and profitably invested net assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
